S-Line
exclusive sauna heaters

Herkules

Herkules S25

Floor-standing model with brushed stainless-steel front and anthracite-grey pearl effect sides. Large 25 kg rock store for good heat storage and powerful steam shocks.

Flat rear wall allows placement in front of glass walls.

Ideal for mid-size home and commercial saunas.

Power range:

7,5 kW - for saunas 8 - 12 m³

9,0 kW - for saunas 10 - 14 m³

Connection: 400 V 3N AC 50/60 Hz

Herkules S25 vapor

Floor-standing model with brushed stainless-steel front and anthracite-grey pearl effect sides.

Integrated vaporizer for flexible sauna climate (from dry Finnish to steam herbal bath).

Large 25 kg rock store for good heat storage and powerful steam shocks.

Flat rear wall allows placement in front of glass walls.

Ideal for mid-size home and commercial saunas.

Power range:

7,5 kW - for saunas 8 - 12 m³

9,0 kW - for saunas 10 - 14 m³

Connection: 400 V 3N AC 50/60 Hz

Herkules S60

Floor-standing model with brushed stainless-steel front and anthracite-grey pearl effect sides. Large 60 kg rock store ensures exceptional heat storage and powerful steam shocks.

Replacement of heating elements without unloading the rock store. Includes the decorative wooden rail.

Ideal for large size home and commercial saunas.

Power:

9,0 kW - for saunas 9 - 14 m³

12,0 kW - for saunas 14 - 18 m³

15,0 kW - for saunas 18 - 25 m³

Connection: 400 V 3N AC 50/60 Hz

Herkules S60 vapor

Floor-standing model with brushed stainless-steel front and anthracite-grey pearl effect sides.

Integrated vaporizer for flexible sauna climate (from dry Finnish to steam herbal bath).

60 kg rock store for exceptional heat storage and powerful steam shocks.

Replacement of heating elements without unloading the rock store. Includes the decorative wooden rail.

Ideal for large size home and commercial saunas.

Power:

9,0 kW - for saunas 9 - 14 m³

12,0 kW - for saunas 14 - 18 m³

15,0 kW - for saunas 18 - 25 m³

Connection: 400 V 3N AC 50/60 Hz

Herkules

Herkules XL S50

Floor-standing model with brushed stainless-steel front and anthracite-grey pearl effect sides. Unique double rock store (2 x 25 kg) for excellent heat storage and powerful steam shocks.

Flat rear wall allows placement in front of glass walls.

Ideal for intensive use in large commercial sauna cabins.

Power range:

12,0 kW - for saunas 14 - 18 m³

15,0 kW - for saunas 18 - 25 m³

Connection: 400 V 3N AC 50/60 Hz

Herkules XL S50 vapor

Floor-standing model with brushed stainless-steel front and anthracite-grey pearl effect sides.

Integrated centrally placed vaporizer for flexible sauna climate (from dry Finnish to steam herbal bath).

Unique double rock store (2 x 25 kg) for good heat storage and powerful steam shocks.

Flat rear wall allows placement in front of glass walls.

Ideal for intensive use in large commercial sauna cabins.

Power range:

12,0 kW - for saunas 14 - 18 m³

15,0 kW - for saunas 18 - 25 m³

Connection: 400 V 3N AC 50/60 Hz

Herkules XL S120

Floor-standing model with brushed stainless-steel front and anthracite-grey pearl effect sides. Extra large double rock store with 120 kg for exceptional heat storage and powerful steam shocks.

With decorative wooden rail. Optional rear wall panel allows placement in front of glass walls. Ideal for heavy-duty operation in luxury-class commercial sauna cabins.

Power range:

18,0 kW - for saunas 24 - 35 m³

24,0 kW - for saunas 35 - 45 m³

30,0 kW - for saunas 45 - 65 m³

Connection: 400 V 3N AC 50/60 Hz

Herkules XL S120 vapor

Floor-standing model with brushed stainless-steel front and anthracite-grey pearl effect sides.

Integrated centrally placed vaporizer for flexible sauna climate (from dry Finnish to steam herbal bath).

Extra large twin rock store with 120 kg for exceptional heat storage and powerful steam shocks.

With decorative wooden rail. Optional rear wall panel allows placement in front of glass walls. Ideal for mid / large-size home and commercial saunas.

Power range:

18,0 kW - for saunas 24 - 35 m³

24,0 kW - for saunas 35 - 45 m³

30,0 kW - for saunas 45 - 65 m³

Connection: 400 V 3N AC 50/60 Hz

Corona S25

Floor-standing model with exclusive massive soap-stone front and anthracite-grey pearl effect sides. Large 25 kg rock store for good heat storage and powerful steam shocks.

Flat rear wall allows placement in front of glass walls.

Ideal for mid-size home and commercial saunas.

Power range:

7,5 kW - for saunas 8 - 12 m³

9,0 kW - for saunas 10 - 14 m³

Connection: 400 V 3N AC 50/60 Hz

Corona S25 vapor

Floor-standing model with exclusive massive soap-stone front and anthracite-grey pearl effect sides.

Integrated vaporizer for flexible sauna climate (from dry Finnish to steam herbal bath).

Large 25 kg rock store for good heat storage and powerful steam shocks.

Flat rear wall allows placement in front of glass walls.

Ideal for mid-size home and commercial saunas.

Power range:

7,5 kW - for saunas 8 - 12 m³

9,0 kW - for saunas 10 - 14 m³

Connection: 400 V 3N AC 50/60 Hz

Corona S60

Floor-standing model with exclusive massive soap-stone front and anthracite-grey pearl effect sides. Large 60 kg rock store ensures exceptional heat storage and powerful steam shocks.

Replacement of heating elements without unloading the rock store. Includes the decorative wooden rail.

Ideal for large size home and commercial saunas.

Power:

9,0 kW - for saunas 9 - 14 m³

12,0 kW - for saunas 14 - 18 m³

15,0 kW - for saunas 18 - 25 m³

Connection: 400 V 3N AC 50/60 Hz

Corona S60 vapor

Floor-standing model with exclusive massive soap-stone front and anthracite-grey pearl effect sides.

Integrated vaporizer for flexible sauna climate (from dry Finnish to steam herbal bath).

60 kg rock store for exceptional heat storage and powerful steam shocks.

Replacement of heating elements without unloading the rock store. Includes the decorative wooden rail.

Ideal for large size home and commercial saunas.

Power:

9,0 kW - for saunas 9 - 14 m³

12,0 kW - for saunas 14 - 18 m³

15,0 kW - for saunas 18 - 25 m³

Connection: 400 V 3N AC 50/60 Hz

Mythos S35 Anthracite

*Mythos S35 CRS with optional
Cubic rocks*

Mythos S35

New designer sauna heater for domestic and commercial sauna cabins. Stainless steel.

The distinctive cubistic design of this heater is perfectly completed with pillar-alike foot. With literally no rear side this heater is ideal for installation in front of glass panels.

The particular highlight of Mythos range are the stylish Cubic rocks (optional), which turn this heater to a true design masterpiece.

The rock store takes up to 35 kg rocks. Cable connections are placed invisibly at the bottom.

Power range:

7,5 kW - for cabins 8 - 12 m³

9,0 kW - for cabins 10 - 14 m³

Connection: 400 V 3N AC 50/60 Hz

Mythos S45 Anthracite

*Mythos S45 CRS with optional
Cubic rocks*

Mythos S45

The S45 model with up to 45 kg rock store fits large saunas with 14 to 25 m³ size.

Both S35 and S45 model have only 37 cm depth - unique in this category - which allows to save a lot of valuable place in sauna cabins.

Design hint: try the Cubic rocks with variable heights and create a unique design of your own, e.g. a „skyline“ style effect.

Power range:

12,0 kW - for cabins 14 - 18 m³

15,0 kW - for cabins 18 - 25 m³

Connection: 400 V 3N AC 50/60 Hz

Vaporizer can be attached (docked) on the left or on the right side

Mythos S35 vapor

The vaporizer of the Mythos range is not integrated into the heater as it is usually the case but is simply docked on the left or on the right side. Providing you with more flexibility in design and optimizing the warehousing costs.

2 kW or 3 kW vaporizer output provides a powerful steam source and a better flexibility in selection of the optimal power for the given sauna size.

Power range:

2,0 or 3,0 kW vaporizer

May be combined freely with S35 and S45

Connection: 230 V 1N AC 50/60 Hz

Example: Also two vaporizers may be connected at once to one heater.

Mythos S45 vapor

It is now also possible to dock even two vaporizers at once, one on the left and one on the right. Which provides you with up to 6 kW steam output paired with stylish design solution.

The cable connections and the drain valve at the vaporizer are also located invisibly on the bottom side and will not destroy the design by installation in front of glass panels.

Thanks to the optional brackets it is possible to mount a heater guard rail on all Mythos models in order to provide due safety in use.

Power range:

2,0 or 3,0 kW vaporizer

May be combined freely with S35 and S45

Connection: 230 V 1N AC 50/60 Hz

Watermill Sauna

Set Watermill Sauna + Corona S60

Themed sauna or a powerful water splash – the exclusive Watermill Sauna heater will be a spectacular attraction and a „piece of action“ in your sauna. The large wheel rotates slowly anti-clockwise. Upon a manual or an automatic signal it starts to rotate in reverse direction and pours water to the cascade

directly over the heater, which creates a series of powerful, impressive steam shocks.

A 60 kg large rock stores of the Corona S60 heater provides excellent heat storage reserves and ensures very high temperature stability even by frequent water infusions.
